

FINAL IDEA

Controversy

The decade at a glance: a period of shattered dreams

HOW WE CAME DOWN TO THIS IDEA?

When we were thinking about controversy as our theme words like DEBATING; DISAGREEMENT; ETC were coming to our minds. And to give clear justification to our theme it had to be something which is strong enough to portray our ideas as “EMERGENCY” being a part of our era created a ever lasting impact on the history of India. So, we came down to a idea of a news template where we would show all of our content in a form of a video by creating our own news channel.

FEW EXAMPLES OF HOW WE ARE GONNA SHOW OUR CONTROVERSY AND IDEAS THROUGH THE NEWS TEMPLATE IDEA !!

- As we know that the night emergency had to be declared, Indira Gandhi cut the electricity so that nothing could be printed and no one comes to know and first thing in the morning they did was arrest all of their oppositions and people who would stand against them. (preventive detention)
- KAALA DHHABBA V/S GOLDEN ERA

so the 1970s was referred to as a golden era and also the emergency is considered as a kaala dhabba on the democracy of India.
